

THE NEW ENCYCLOPEDIA OF THE SALTWATER AQUARIUM

Fishkeeping is one of the most popular hobbies in the world. Due to significant advances in technology, the saltwater-aquarium hobby, which requires more care and skill than the freshwater set-up, is growing rapidly. This new encyclopedia gives practical advice on fish species, as well as information on the latest equipment and techniques.

- Aimed at both the beginner and the experienced hobbyist.
- Gives details of the most up-to-date technological developments.
- Illustrated throughout with stunning colour photographs, complemented by detailed artwork and reference tables.

Greg Jennings

280 x 215 mm (11 x 8½ in)
304 pp., 100,000 words
Over 400 photographs
20 artworks and diagrams
Glossary, index

COMPLETE ENCYCLOPEDIA OF THE FRESHWATER AQUARIUM

This beautifully illustrated title is equally useful for the beginner and the established hobbyist. Most species and varieties, including increasingly popular coldwater fish such as goldfish and koi, are covered.

John Dawes

280 x 215 mm (11 x 8½ in), 304 pp., 135,000 words
Over 475 photographs, 30 artworks and diagrams
Glossary, index

COMPLETE ENCYCLOPEDIA OF THE VIVARIUM

This up-to-date title covers all aspects of vivarium set-up and maintenance. The directory details more than 300 species of snakes, lizards, tortoises, turtles, frogs, newts and salamanders, as well as spiders and other invertebrates.

David Alderton

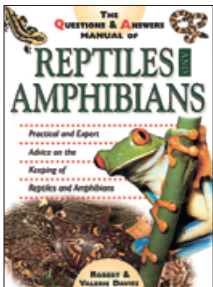

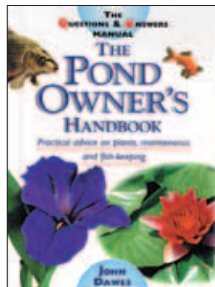

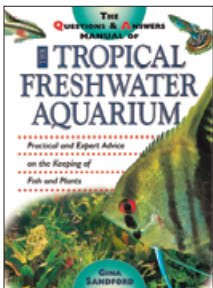

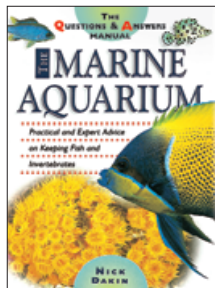

280 x 215 mm (11 x 8½ in), 224 pp., 100,000 words
Over 350 photographs, plus artworks and diagrams
Glossary, index

Q & A MANUALS AND PROBLEM SOLVERS

These two series are a success because of their useful practical approach, the expertise of the authors and painstaking attention to detail. *The Cat Owner's Problem Solver*, for example, contains contributions from no fewer than 12 highly experienced veterinarians. All of the books employ the user-friendly Q & A format to deal with the most common problems, together with real-life case studies. The needs of specific

breeds are discussed, and tables and charts provide all the relevant data at a glance.

- Offer proven techniques for dealing with all the practical aspects of animal care.
- Illustrated throughout with full-colour photographs and detailed illustrations.

ALL BOOKS:

240 x 167 mm (9½ x 6⅝ in)

208 pp., 85,000 words

120 photographs, 50 artworks
